Jhargram

Sri Goutam Mazumdar, WBCS (Exe),  
Sub-Divisional Officer,  
Ghatal.

*Sub: Suo-Moto rectification of Electoral Rolls-regarding.*

Sir,

I am sure that all efforts have been taken by your establishment towards ensuring error free Electoral Rolls have been scrutinized so as to prevent any obvious error occurring in the roll. During the test case exercise at the district level following errors have been found in the electoral rolls. I am sure that there is going to be repetition of such errors even in the other rolls as well-

1. Same photograph appearing for the different electors

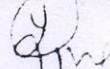

2. One section of Electoral roll is missing, on the sametime, it appears for the other nearby roll. A exercise has been done at district level and information can be taken from O/C, Election, Paschim Medinipur. As the test case we have done exercise on 219-Dantan AC and it is found that such transposition of electors will occur in 12 booths. Similar exercise should be done for other assembly constituencies.

3. The photograph and sex of the person do not match.

4. Errors on top sheet of the electoral roll.

5. In this regard, it is expected that thorough checking will be done at your level and proper arrangement for correction of these errors will be made with WTL level. In no case, acceptance of electoral roll should be given to WTL till all corrections as suggested by you are duly incorporated in the revision. In case of problem, matter must be discussed with undersigned.

Yours sincerely,

  
District Magistrate,  
Paschim Medinipur.

No. 812 /1(2)-DM

Dated : 13.08.2008

Copy forwarded to:
